Trends come and go –
our values remain

Dear Readers

What do you think of when you hear the word "cruise"? Of your childhood perhaps, of the wind in your hair and a sense of well-being? The things that delighted you in those days remain unchanged, even in a time of global changing values: clean water, beautiful landscapes, a delicious meal in a breathtaking setting, and added to these, the fascination of movement. Wind, currents and weather have challenged mankind for centuries. The tradition of cruising still manifests itself today in gleaming brass and dark wood, clear to see on our two majestic lake steamers, the SS "Blümlisalp" and SS "Lötschberg".

The cruise tradition lives on because in addition to our proven values, we always adapt to modern requirements and lifestyle. For the 2009 season, we have once again prepared old favourites and innovative new offers for you, our guest. A few examples: enjoy relaxing every Wednesday and Thursday evening on our lounge ship "OaSee"; free travel for children on Saturdays and great family offers in June. Choose the offer that will put a fresh spring in your step. Perhaps a new rapport with lake cruises will begin this very day!

Michael Lüthi
Manager BLS Schifffahrt
